LIVING WITHOUT EATING.

Any Number of Holy Fanchers in the World—A Hundred Record of Who Have Lived for Remarkably Long Periods Without Eating—Ancient and Modern Cases of Abstinence.

Dr. William A. Hammond, in his interesting little volume on "Fasting Girls," does not by any means exhaust the subject to which attention was attracted last year by the case of Molly Fancher and in which he described the case of a girl who lived for a long period without eating. The volume is not only a treatise on the subject, but a collection of cases of abstinence, from the case of a girl who lived for a long period without eating, to the case of a girl who lived for a long period without eating. The volume is not only a treatise on the subject, but a collection of cases of abstinence, from the case of a girl who lived for a long period without eating, to the case of a girl who lived for a long period without eating.

FASTING GIRLS.

Dr. Hammond, came in with modern times, the famous abstinent, having lived for a long period without eating. The volume is not only a treatise on the subject, but a collection of cases of abstinence, from the case of a girl who lived for a long period without eating, to the case of a girl who lived for a long period without eating. The volume is not only a treatise on the subject, but a collection of cases of abstinence, from the case of a girl who lived for a long period without eating, to the case of a girl who lived for a long period without eating.

# Caution.

A WORD TO THOSE WHO USE POROUS PLASTERS.

BEAISON'S CAPSINE POROUS PLASTERS ARE SUPERIOR TO ALL OTHERS. The great demand for them has caused the use of imitations to make and sell worthless imitations under the name of Capsicum or Capsine. As the market is flooded with inferior plasters, it is important for the consumer to know which is the best. It is well known that some of the cheap plasters have been examined and found to contain injurious ingredients which make them dangerous to use, causing paralysis and other diseases. All genuine BEAISON'S CAPSINE PLASTERS have the word "CAPSINE" cut in them. SEABURY & JOHNSON, Pharmaceutical Chemists, New York. PRICE 25 CTS.

DR. McCLELLAN & CO.

Have just received their Fall and Winter stock of Dry Goods. Our counters are completely crowded and we now want to get rid of them. The best way we find to do this is to sell them cheap. Therefore we call the ladies special attention to our new style of double width Dress Goods called the Momie. These are the latest novelties in fashionable circles, and were the most prominent on exhibition at the late grand openings in Chicago. We sell all the leading colors, plum, dregs of wine, &c., at the low price of 31c, sold elsewhere for 50c per yard. Matelasse and Basket Cloth in all shades, 10c, 12c and 15c per yard. Alpaca in all shades 15c per yard. A nice line of plaid and figured goods at 8c per yard. Our \$1 French Cashmere is the best in the world—so the ladies say. French Cambrics one yard wide 9c per yd. Standard Prints 5c. Linen Toweling 5c. Table Linen 20c. The best \$1 Corset in the city; a nice Corset for 25c. A large assortment of Paisley and double faced India Shawls from \$5 to \$25. Woolen Shawls from \$3 to \$8. Blankets and Flannels at reduced prices. Great bargains in Domestic Goods and Notions.

DR. McCLELLAN & CO.

Without nourishment, a suffocating constriction compelling her parents to assist her, when she was much more than a child, down her throat. Subsequently she took to drinking water, and after nine years of abstinence she ate a little. Dr. McClellan, who communicated this account of her case to the Royal Society (Phil. Trans., 1871), saw her again three years after this, when her health was much more improved, but even then she ate less than a child. Two years later she was again seen, and she was able to eat a little. In 1874 was mentioned the case of a Swedish woman, who after a long period of abstinence, lived for two years on a little bread and water, and for a third year without any food at all, passing all three years in a state of sleeplessness. In 1796 Dr. Willan was called in to attend to a woman named Cavanagh, who had lived for a long period without eating. She was found by her husband, who was a doctor, and he found her in a state of abstinence. She was found by her husband, who was a doctor, and he found her in a state of abstinence.

TUESDAY, JANUARY 13, 1880.  
CITY AND COUNTY.

## BRIEFINGS.

—January smiles again.  
—The police are having it easy.  
—Robert Cairns Jr. is now the father of a little girl.

—Jo Cook is again languishing in jail for drunkenness.  
—Mrs. Will A. Webster has returned to her home in Ripon.  
—Union prayer meetings each afternoon at the Baptist church.

—The tobacco warehouse near the depot has commenced business.  
—Miss Ida Davies expects to start tomorrow for Notre Dame.

—There is a prospect for another wrestling match next Saturday night.  
—"Human Freedom" commences at 8 o'clock to-night at Lappin's Music hall.

—The Pharmaceutical Association held their meeting in this city next Thursday.  
—Mr. Salsman expects to open his new hotel next Thursday. It is to be known as the "Grand Hotel."

—Those who desire a rich literary feast will surely hear Rev. Mr. Alger to-morrow night, at All Souls church.

—Sprague's Minstrel Band made lively music on the streets to-day. They show up well and make good music.

—The Minstrel Band to-day started one runaway. It was a farmer's team on East Milwaukee street. Little damage.

—The funeral of Mrs. Hutchinson, will be held to-morrow at 2:30 o'clock at the family residence in the Second ward.

—Otto Holm, the skillful frescoer and painter, has opened a shop over Dutton's grocery store, on West Milwaukee street.

—It is reported that other parties at Evansville have been arrested for taking a share in the mutilation of tombstones in the cemetery there.

—Mr. Cannon is having made a stage and scenery for his new hall, which will prove quite a convenience for those desiring to give entertainments there. Otto Holm is painting the scenes.

—Miss Blattie Dearborn, Mrs. St. John and Miss Julia Wilson have gone to Chicago to hear the big opera. Miss Dearborn will probably remain in Chicago for about two weeks. The others will return in a few days.

—The Trinity church entertainment next Saturday night at Lappin's Music hall promises to be entertaining to all. A rehearsal is called at Lappin's hall to-morrow evening for the adult members of the Jarley club, who are expected to meet at 7 o'clock, sharply.

—To-morrow evening Miss Dickie Lingard will appear at the Opera house in "Our Boys." She is immense, and the play in which she takes the chief role is one which has caused great enthusiasm in all the large cities. The entertainment will be one of a higher type than most that strike Janesville, and those who miss it will surely miss much.

—The lecture to be given by Mrs. Mattie A. Bridge at Lappin's hall to-night promises to be a treat to all who attend. She has already won a high rank among public speakers, and this new lecture is said to be better than any which have preceded it. "Human Freedom" is a subject which ought to interest all, and as handled by her will surely do so.

—The arguments in the Russell assault case were commenced yesterday afternoon and concluded this morning. Attorney Plioy Norcross appearing for the State and Attorney Winans for the defendant. Justice Pritchard, by consent of both parties, adjourned the case until next Friday morning, when a decision will be rendered.

—To-night Sprague's Georgia Minstrels are to open their budget of fun at the Opera house. These are genuine colored minstrels, and all who have heard them say they are the "boss." The reserved seats can be secured for fifty cents, which is low enough to suit all. The troupe is a large one, and has some of the best men to be found in that line of amusement.

—Don't make any engagements for Saturday night for you will want to go and hear Dr. Anderson talk on the "Chinese Question." As former pastor of the Baptist church here, he has many personal friends in this city, who will gladly hear him, and those who are not acquainted with him personally, know him by reputation. The lecture will be a choice one.

—It isn't very often that business is so thriving that furniture men have to stock up at this time of the year, but Britton & Kimball have been having such a rush as to cause them to commence piling in goods again. They have been receiving a pile of furniture, and much of it is really elegant. In another column they present an offer that is worth thinking about and everybody knows that they don't talk for the sake of talking, but mean it all.

—The clerks and customers in one of our city drug stores were startled this forenoon by hearing a crashing noise, and hurriedly glancing up to the ceiling, they spied the leg, evidently of a woman, coming down through the plastering. One of the clerks tried to her that it was in a hurry she would gain time by going round to the front door, and she started to go, but the laths having sprung back imprisoned her firmly, and it was "no go." There she stuck until a good natured carpenter came to her help, and broke asunder the bands that held her. It appears that some repairs were being made in the hallway up stairs, and the woman not knowing about the hole in the floor, innocently stepped through, to the consternation of all below, and the mortification of herself. It is fortunate that no more serious results ensued.

—On Monday, the 19th, in the opera house at Beloit, Professor Hendrickson will deliver a lecture upon Prussian History, covering the last of the sixteenth, and the first part of the seventeenth centuries. This is the first of three lectures given by Prof. Hendrickson for the benefit of the College societies. The lectures will center about the three most significant characters of Prussian history, Frederick the Great, Baron Von Stein and Bismarck.

and there is no one in this part of the country who is better prepared or who can present this instructive subject in a more interesting manner. Through the generosity of Beloit citizens and others, Middle College will next spring be remodeled and in the new building two rooms will be given to the societies. Bare walls and seatless floors are not inspiring, but the proceeds of these lectures are to furnish the rooms as nicely as may be.

## AN ENJOYABLE EVENING.

**Mrs. Noon's Entertainment Draws a Crowded House and Proves a Happy Success.**

Last evening Lappin's Music hall was crowded with a very attentive audience drawn thither by the promised entertainment under the direction of Mrs. Noon. The programme was of a musical and literary character. Harry Anderson's band was present and gave several selections interspersed through the programme. They did their part of the work in a very happy manner and to the satisfaction of all. A male quartet from the Pender House Glee Club, consisting of Will Blittell, C. M. Vankirk, Frank Pember, and Charlie Carter, gave several vocal selections. Their voices blended sweetly, and their first song "The Knight's Farewell" captured the audience, and called forth a hearty encore, to which the Club responded with "Dem Golden Slippers." Later in the programme they sang a pleasing melody "The World is What We Make It," which called forth another encore, to which they responded with another song. They won and deserved much praise. Miss Lizzie Battle served as accompanist.

The literary portion of the programme consisted of recitations, character sketches, etc., and averaged up well. Mrs. Lizzie Battle appeared as Mrs. Caudle, and gave a discourse on "Shirt Buttons" which was admirably executed, Will Hand, as Caudle, serving as the target of her shots. Miss Lena Hills rendered a bit of tragedy in a very enthusiastic manner. Miss Monnie Leach gave "The Burning Ship" in a manner creditable to her age and experience in elocutionary matters, she being the youngest of all. Her voice could be heard clearly in all parts of the hall. Miss Florence London rendered the "Song of the Shirt." The scenic effect was well arranged, and as she sat slitting away, and pathetically reciting the woes of the needle, a most touching, tender and life-like scene was presented. It was admirably rendered, and it was to be regretted that the closing portion of the selection was disturbed by the noisy entrance of a number of late comers in the audience. Miss Mary Pond rendered in costume "Nobody's Child," another pathetic selection. She showed rare skill. Mrs. Janette B. Day appeared as Tabitha Primrose, and gave a most amusing, sarcastic talk on "Woman's Rights." Her make-up was excellent, and her voice and mannerisms were in keeping with the picture. Her lecture called forth much laughter and applause. "Christmas at the Quarters," a very amusing description of a dance among the darkies of the plantation, was given by Mrs. R. F. Hayes. Considering the difficulty of rendering the piece, it was well executed.

Mr. A. H. Baxter closed the entertainment with a few well-chosen words, in which he paid a well merited tribute to Mrs. Noon, for her indefatigable zeal in advancing the study of elocution. He hoped that the inspiration which her efforts had caused would abide, and spoke of the regret which all must feel on her leaving the city. About a year ago she came here and entered upon her work with but one pupil. In her quiet, womanly manner, with no flourish of trumpet, with no advertising except that of her own work, she had met with marked success, and now leaves a full, enthusiastic class of forty-two. Mr. Baxter, in her behalf thanked all who had participated in the entertainment, and the audience, for their attendance and liberal patronage.

On the dispersal of the audience a dance followed in Apollo hall, in which many joined. Harry Anderson's band furnished the music and a most enjoyable social season proved a happy finale to Mrs. Noon's work in this city.

All will regret that she is to remove from this city. She certainly has done a noble work while here, and has won many friends and admirers, who will watch her future career with much interest, and who will follow it with their best wishes. She is a most excellent instructor, and the results of her work speak more loudly her praise than can any words.

**THE WEATHER.**  
REPORTED BY PRENTICE & EVENSON, DRUGGISTS.  
The thermometer at 6 o'clock last night stood at 25 degrees above; at 1 o'clock a m., to-day at 22 above; at 7 o'clock a m., at 13 degrees above, and at 1 o'clock p. m., at 26 degrees above.

The indications to-day are, for the upper lake region, falling barometer, warmer southerly winds, partly cloudy and clear weather.

**GATHERING PHARMACISTS.**  
Next Thursday the Rock County Pharmaceutical Association are to hold their annual meeting. The organization has been in existence a year now, and has steadily grown in numbers and interest, and may be looked upon as a permanent institution. The meeting next Thursday promises to be fully as interesting as any which have been held. The morning hours will be devoted to the election of officers and to general business. In the afternoon there will be the presented papers on various subjects in connection with the profession. Dr. Smith, of Evansville, the President of the Association, will deliver his official address. It is also expected that E. B. Stuart, a leading chemist of Chicago, and a correspondent of the Chicago Druggist, will be present and read a paper.

**Sincere Thanks.**  
I have suffered five years with Rheumatism. Having been persuaded by friends to try St. Jacob's Oil, I used it, and it cured me entirely. Accept my sincere thanks.  
FRANK SCHWARTZ,  
93 Nineteenth St., Cincinnati, Ohio.

## ANNUAL ELECTION.

**A Harmonious Gathering of the Fire Lads Last Evening.**

The annual election of officers of the Fire Department was held at the west side engine house last evening, and for the first time in the history of that organization, there was no wrangling or dissensions among the different companies as to whom should be elected, in fact there was scarcely a ripple of excitement over the election, and but one opposition candidate put his head above the "scattering" returns of the tellers. It speaks great credit of the department that an election should be held which passed off so harmoniously. The following persons were elected officers:

President—W. T. Vankirk.  
Vice President—Alex. Downing.  
Secretary—John F. Ehrlinger.  
Treasurer—A. W. Bauman.  
Collector—James Shearer.

The trustees met after the election to transact routine business. The following, with the above officers are members of the board:

Sack Co. No. 1—R. J. Richardson, L. B. Carle.  
Rescue Hook and Ladder Co. No. 1—William Spicer, one vacancy.  
Washington Engine Co. No. 1—George M. Ehrlinger, George Sheffner.  
Water Works Engine Co. No. 2—John C. Spencer, James Foster.  
Wm. Cunningham, ex-officio, Chief Engineer.

**ASTOR HOUSE, NEW YORK,** best accommodations, reduced prices.

## An Important Personal Item.

Charles S. Prentice, of Toledo, Ohio, went to Paris and thence to England to be treated for Bright's disease, and after the best physicians of both countries had done what they could for him, gave up in despair and returned to America to die. Here he received further treatment from other skillful physicians without benefit, and while "listlessly lingering in pain and anguish," as he says, heard of the Sale Kidney and Liver Cure, took it, and was completely cured in a few weeks. He gives circumstantial details of the painful experience and astonishing cure, in a long letter to H. H. Warner & Co., which will be forwarded on application.

## MISCELLANEOUS.

**Swallowing Poison!**  
Sports of disgusting mucous from the nostrils or upon the tongue, Watery Eyes, Sneezing, Biting in the Ears, Headaches, Cracking sensations in the Head, Intermittent Pains over the Eyes, Roasted Breasts, Nasal Trans, Scabs in the Nostrils, and Tickling in the Throat.

**SIGNS OF CATARRH.**  
No other such loathsome, treacherous and undermining malady curses mankind. One-fifth of our Children die of diseases generated by its infectious poison, and one-fourth of living men and women drag out miserable existence from the same cause. While asleep, the impurities in the catarrh are necessarily swallowed into the stomach, and inhaled into the lungs to poison every part of the system.

**Dr. Wei De Meyer's Catarrh Cure** absorbs the purulent virus and kills the seeds of poison in the farthest parts of the system. It will not only relieve, but certainly cures Catarrh at any stage. It is the only remedy which in our judgment, has ever yet really cured a case of Catarrh.

**Cured! Cured! Cured! Cured!**  
G. G. PRENTICE, Prop. West End Hotel, Long Branch, Cured of 30 years Chronic Catarrh.
